

# SSK-100 Setting Up Process Guide

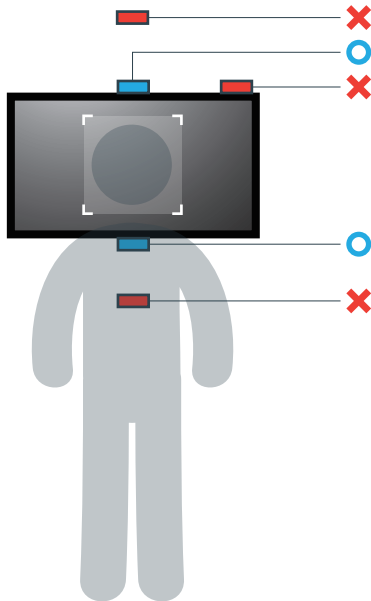

## Step 1.

Connect **HDMI 1a** and **USB 1b** cable to NDiS B325-SI3 HDMI Port and touch display.

## Step 2.

Add a camera to your player and place that camera on top of your screen.

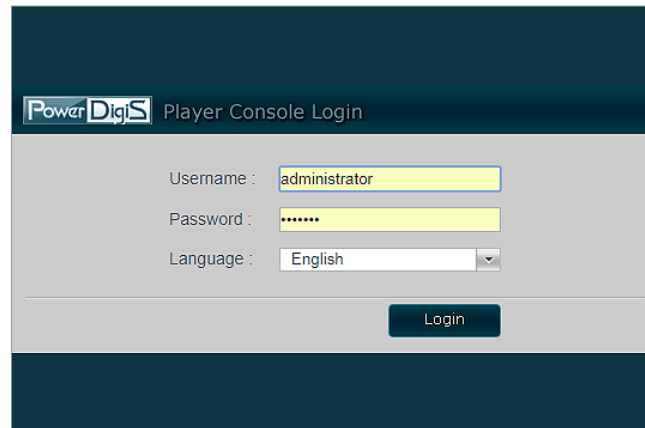

## Step 3.

Power on NDiS B325-SI3 and touch display.

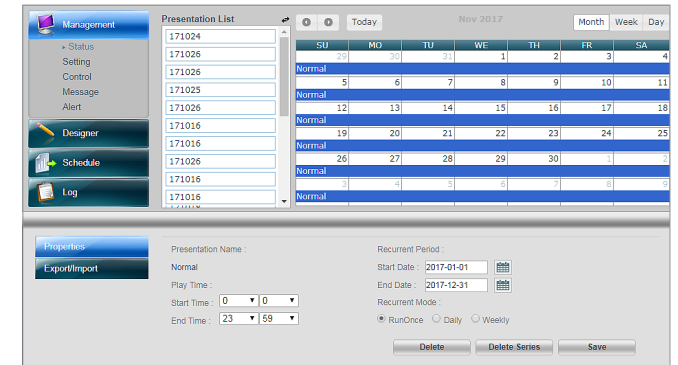

## Step 4.

Log in to your Azure account and start to design interactive playlist on PowerDigiS CMS. Please contact NEXCOM sales rep. for your account info.

## Step 5.

Dispatch playlist to NDiS B325-SI3 and start your campaign.

## Step 6.

You can check audience analytics report from your azure account.
